Being unable to work shouldn't mean you're unable to pay

We realise that your income sustains your lifestyle. A disabling accident or illness might leave you unable to work and without an income for a few months, but it certainly won't leave you without monthly expenses.

About the cover

Expense Protector is a form of income protection, which will pay out a monthly income if you're ever temporarily or permanently disabled by accident or illness. This money can be used to replace part of your monthly income, so that you can pay monthly living expenses, until you are well enough to return to work or until you retire.

1Life Expense Protector is what you need if you

- Earn and are reliant on a monthly income.
- Are self-employed.
- Have family or others who depend on you financially.
- Have no other source of income apart from your monthly salary.

We offer a **range of premium options**:

1 Premium option 1

A level-rated premium that increases each year at a fixed percentage.

2 Premium option 2

Especially for younger policy holders, an age-rated premium increase, which increases as you get older.

3 Premium option 3

Annual Contribution Increase (ACI) and Annual Benefit Increase (ABI) - It's important to make sure that your cover keeps up with the cost of living and you can ensure this by choosing to increase your cover by a small percentage each year. At 1Life we allow you to structure your premium increases and the sum assured on any new policy taken out. ACI and ABI is also available on an age-rated premium increase.

- If you select the inflation aligned option, it will allow your premium to increase by CPI (this will be based on the average inflation over the last 6 months prior to the increase) + 3% per year to keep up with inflation. This option also impacts your benefit amount (sum assured amount) as this will automatically increase by CPI, annually.
- If you select the fixed sum assured option, your premium will increase annually with 5% from month 13 onwards. Your benefit will remain flat for life.

The type of occupations covered

The type of occupations covered differ according to the plan chosen. In addition, qualifying for Expense Protector is dependent on the type of occupation of the potential policyholder.

- Qualifying for Expense protector is based on occupation and underwriting.
- The life assured must inform the insurer if there is any change in occupation, within three (3) months of the said change.
