Changing Lives

Expo-Sure

(Included with all policies*)

HIV can be contracted in many ways, often during traumatic experiences such as rape or by mistake such as needle stick injuries. Expo-Sure provides you and your family with the support needed to deal with potential HIV infection and trauma-related incidents through a 24-hour telephonic counselling care centre, as well as access to preventative treatment.

What does this product offer?

Counselling

You and your family have **24-hour** telephonic access to the care centre, providing you with counselling after a traumatic incident and in the event of accidental HIV exposure.

HIV prevention assistance

To minimise the risk of an HIV infection, it is imperative to get treatment within 72 hours of accidental HIV exposure. Expo-Sure can assist with the following:

- the 'morning after' pill;
- STI (sexually transmitted infection) preventative medication;
- two blood tests;
- anti-retroviral therapy;
- R2 000 security benefit for you and your family to repair security measures in your home in the event of sexual assault ; and

- R2 000 alternative therapy (e.g. aromatherapy, reflexology) benefit in the event of sexual assault.

Trauma assistance

- Face-to-face counselling at the nearest trauma centre.
- Emotional support provided at identity parades and for courtroom appearances.
- Each case has a designated case manager.

* Benefit will only be provided within the borders of South Africa and only for the life assured, spouse and financially dependent children under the age of 25 years.

In the event of accidental exposure, contact the Care Centre immediately on 0860 10 51 95.
